

# Title of the abstract

Author 1<sup>\*1</sup>, Author 2<sup>†2</sup>, ..., Author N<sup>\*</sup>

<sup>\*</sup> Department of Physics, IISER Tirupati, Tirupati – 517507, Andhra Pradesh, India

<sup>†</sup> Department of Physics, IIT Tirupati, Tirupati – 517507, Andhra Pradesh, India

**Topic:** Replace this text with one of the letters from A to E which refers to the topic under which the abstract belongs. The topics are listed in the front page of the conference website. If the abstract does not belong to any of those categories, please indicate the letter F.

This is a sample abstract for Topical Conference of Indian Society of Atomic and Molecular Physics. Its overall layout is similar to that used for the ICPEAC meeting. Preparation instructions are given below.

1. Abstracts should be written in English. The abstract should fit on one A4 page without the page number. The abstract should be submitted in PDF format by emailing to the address [1]: tc-amop2017@iisertirupati.ac.in. File size is limited to 1 MB.

2. Please check that the abstract is correctly formatted and readable. No changes to the submitted abstracts will be made by the conference organizers. Incorrectly formatted abstracts will be rejected.

3. Abstracts should be formatted for A4 size (210 × 297 mm, i.e., 8.268 × 11.693 inches). All text and figures must fit within top, bottom and side margins of 2 cm. Use 11 pt Roman font (LaTeX default) or a similar font such as Times New Roman throughout the abstract. This and other font sizes, as used in the Word template, are listed in Table 1.

**Table 1.** Font sizes to be used in the abstract.

	Title	Synopsis	Body	Refs.
Size	14 pt	10 pt	11 pt	10 pt

4. The title should be typed in 14 pt boldface font and centered. If necessary, use a second line, single-spaced just below the first.

5. Leave 18 pt before the names of the authors (11 pt bold) and again before the single-spaced affiliations and addresses (10 pt).

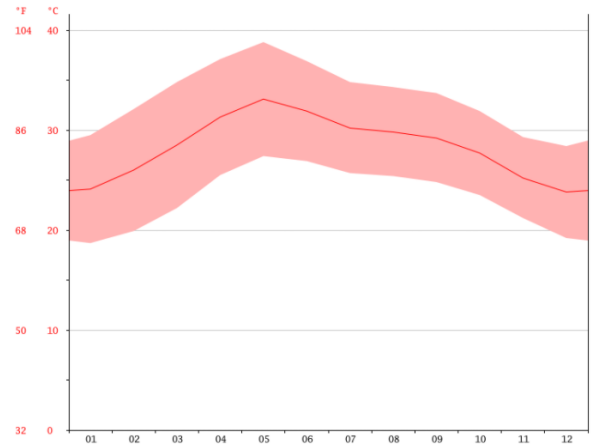

6. The abstract must indicate the topic under which the work belongs. The topics are listed at the home page of the conference website. Please indicate the topic by mentioning one of the letters from A to E in the space provided after the affiliation of the authors. If the abstract does not

<sup>1</sup>E-mail: [author1@domain.ac.in](mailto:author1@domain.ac.in)

<sup>2</sup>E-mail: [author2@domain.ac.in](mailto:author2@domain.ac.in)

belong to any of those categories, please use the letter F.

7. Figures will be shown in colour in electronic versions of the abstract. Give each figure a separate caption (10 pt) and, like a table caption, it should be concise (see figure 1). If you choose to submit colour figures remember that most printouts from the web will be in black and white. Please ensure that the figures are easy to read and understand even in grayscale mode. When including figures, pay close attention to the file sizes, to avoid producing an oversized final PDF abstract file.

**Figure 1.** Average temperatures in Tirupati over a year [2]

8. References in the text should be given by numbers in square brackets [1] (“Vancouver system”). The list of references in 10 pt font follows the last line of the text with one extra line inserted. Follow the style of the Institute of Physics, as used in Journal of Physics B.
